

AMAZING CHARTS EHR EXTENDED PROFILE

OVERVIEW

Amazing Charts EHR provides small practices and solo physicians with EHR in the cloud or installed on-premise.

The Amazing Charts EHR includes a variety of features, some of which are office flow, charting, e-prescribing and a patient portal. The software aims to improve overall practice efficiency and, ultimately, produce a saving in running costs.

Amazing Charts EHR software is designed to be used on desktop and mobile devices. There is a low initial cost of per physician for set up, and an annual cost per physician for support and service. Amazing Charts does not offer enterprise solutions and gives no facility discounts.

In November 2014, Amazing Charts announced the release of their cloud-based practice management software which integrates with Amazing Charts EHR. This practice management functionality extends Amazing Charts practice coverage with a full revenue cycle management system with automated benefits and eligibility checking.

FEATURE OVERVIEW

- ✓ Patient Demographics
- ✓ Patient Portal
- ✓ Scheduling
- ✓ Appointment Management
- ✓ Billing Management
- ✓ Medical Templates
- ✓ Document Management
- ✓ Clinical Workflow
- ✓ EM Coding
- ✓ Insurance and Claims
- ✓ Lab Integration
- ✓ Patient History
- ✓ Reporting and Analytics
- ✓ Voice Recognition
- ✓ Patient History / EMR
- ✓ e-Prescription
- ✓ E&M Coding
- ✓ Insurance & Claims

SOFTWARE SCREENSHOTS

The screenshot displays the 'Amazing Charts' software interface. At the top, there is a menu bar with options: File, Edit, View, Patient, Billing, Help, and Online Services. Below the menu is a toolbar with icons for Schedule, Messages, and Search. A status bar indicates 'Scheduled Patients: -' and 'Messages: 9'.

The 'Patient List' section contains a table with columns for ID, Lastname, Firstname, and Active Patients Only. The table lists several patients, including Saffire, William (ID 1030) and Scott, Ridley (ID 1017).

The 'Scheduling' section shows a calendar for November 2005. The calendar grid shows dates from 30 to 10. A 'Today' column on the right shows the current date as 11/7/2005. Below the calendar is a 'Select a Provider' dropdown and a 'Book Appointment' button.

The 'Inbox' section displays a list of messages. The selected message is from SALLY with the subject 'Lunch Order', received on 05/12/2005 at 09:00 AM. The message content reads: 'Bill from Galaxo is coming in today at lunch. He is bringing in food from Stage Del. What do you want?'.

At the bottom of the window, a status bar shows 'Desktop', 'JONATHAN', and '11/7/2005'.

A yellow sticky note is overlaid on the right side of the interface, containing the text: 'Why am I still using a sticky note when I have messaging?'. The sticky note has 'PRINT' and 'SAVE' buttons at the bottom.
