GGASTRO EHR & ENDOSCOPY REPORT WRITER SOFTWARE

EXTENDED PROFILE

OVERVIEW

Modernizing Medicine® Gastroenterology offers the gGastro® EHR, a fully integrated platform designed for gastroenterologists. It combines the attributes of an electronic health records (EHR) system and endoscopy report writer (ERW) in one solution for private practices, ASCs and hospitals. The gGastro suite was built by gastroenterologists, for gastroenterologists and includes an EHR, endoscopy report writer, practice management, business operations services and analytics and patient engagement solutions.

- gGastro EHR: Award-winning GI-specific EHR system that helps streamline workflow, enhance profitability, help meet compliance requirements and focus on patient care.
- modmed® gBOOST: offers a combination of the company's integrated Practice Management technology, gPM™, and Business Operations Services to help solve billing challenges, put the right processes in place and gain transparency.
- gGastro ERW: Endoscopy Report Writer system to expedite and elevate the reporting process
- gInsights™: An analytics platform that digs deep into provider behaviors, outcomes and practice operations to help improve the clinical financial and operational aspects of your practice.
- gAdvisor™: Receive personal guidance from a certified MIPS coach who specializes in gastroenterology compliance and can help guide you to success.
- gKiosk™: Streamline patient check-in, checkout and discharge with an iPad making the process simpler for your office staff and more engaging for your patients.
- gPortal™: Improve communication between physicians and patients with this online engagement tool.
- gReminder™: Patient reminder system integrated directly into gGastro for patients to confirm appointments conveniently.
- gGastro mobile: Easily search for and review patient information on the go with this innovative mobile app solution. Available for iOS and Android devices.
