INTERGY

EXTENDED PROFILE

OVERVIEW

As a trusted adviser, Greenway Health is fueling our customers' success by delivering innovative technology, quality services, and strategic partnership that help them grow profitably, remain compliant, work more efficiently, and improve patient outcomes.

It starts with Intergy, the core of the ambulatory platform. This is your first step toward becoming a high-performing practice.

Intergy is available as a hosted or on-premise EHR and practice management system. This cloud-based solution is suitable for practices with multiple locations and is flexible enough to meet the needs of most specialties, including family practices, internal medicine, multi-specialty, OB-GYN, cardiology, pediatrics, FQHC/CHCs, and more. Intergy is also well-suited for Independent Practice Associations, Accountable Care Organizations, Advanced Surgical Centers, and tribal health facilities.
