

**IPATIENTCARE EHR**

**EXTENDED PROFILE**

## OVERVIEW

iPatientCare supplies an EHR software suite that supports practices from single-physician up to hospitals that employ more than 200 physicians. The software can also support practices with multiple locations and with a variety of specialties. iPatientCare EHR is available as an on-site or web-based installation.

The system checks patient eligibility, provides specified laboratory results, and can send patients appointment reminders by SMS. Providers can access the software on mobile and tablet devices, making notes, using dictation support, and taking and annotating photos.

iPatientCare EHR now supports a Google Glass app - "miGlass" - which records a patient's visit to the practice and allows them to take home a video so that they can duplicate necessary care procedures including dressing changes, medication schedules, or follow other instructions provided by their health care team.

iPatientCare has no license fee and a pay-per-use pricing model which includes upgrades, maintenance, and support.

## FEATURE OVERVIEW

- ✓ Patient Demographics
- ✓ Patient Portal
- ✓ Appointment Management
- ✓ Billing Management
- ✓ Medical Templates
- ✓ Clinical Workflow
- ✓ Referrals
- ✓ Insurance and Claims
- ✓ Patient History
- ✓ Reporting and Analytics
- ✓ Patient History / EMR
- ✓ e-Prescription
- ✓ Insurance & Claims
- ✓ Reporting / Analytics

## SOFTWARE SCREENSHOTS

The screenshot displays the iPatientCare software interface within a Windows Internet Explorer browser window. The browser title is "iPatientCare EHR 10.0 - Windows Internet Explorer". The interface includes a top navigation bar with menus for "File", "Reports", "Correspondence", "Tools", "Billing", and "Help". The user is logged in as "James Smith, MD" at the "CFG, Baltimore Office".

The main area is divided into three sections:

- Personal Dashboard:** Shows filters for "Date" (9/8/2011), "Location" (Baltimore Office), "Provider" (<ALL>), and "Reason" (<ALL>). Below these filters is a table of patient appointments.
- Navigation Menu:** A vertical list of document types, with "Phone note" currently selected and highlighted in yellow. Other options include Visit Note, Procedure note, Post-op Visit Note, Well Child Exam, Well Woman Visit, Lab Report, Diagnostic test Report, Diagnostic Test Note, Rx Refill Request, Psych Evaluation Note, Patient Annotation, Maternity visit note, Virtual Visit, Export PE, Facemaker Followup, Correspondence In, Dan Note, Adult Personal History (Age 18 and older), Child/Adolescent Personal History (Ages 17 & Under), Group Progress Note, Discharge Summary, Psychiatry Evaluation, Medication Review, Psychiatric/Psychological Services Report, Treatment Plan Review Form, Psychotherapy Note, Intake Assessment Form, Adolescent Self-Report History (Ages 13-17), Psychiatric/Psychological Services Referral Form, and Import.
- Patient Chart:** Displays a list of notes for a patient. The selected note is "LIPID PROFILE" for "James, Theodore" by "James Smith" on "04/25/2011". The chart also shows other notes such as "Visit Note (Office Est) - 09/08/2011" and "Rx Refill (Lisinopril 20 mg Tablet Oral qPM Fr...".

Time	Patient	Reason	Provider
