

PRACTICE FUSION EHR EXTENDED PROFILE

OVERVIEW

Practice Fusion is a cloud-based Electronic Health Records provider that focuses on creating integrative environments for treatment teams and care professionals.

Practice Fusion electronic medical records are built with medical professionals, service providers, analysts, and patients in mind. The Practice Fusion app includes a patient portal so patients can easily access their PHR records to improve patient engagement.

Some of Practice Fusion EHR's core features available include charting, prescription management, electronic prescription transmission, medical billing, imaging, and scanning integration among other clinical and service record maintenance and access features.

A Practice Fusion demo video is available through their profile, as well as Practice Fusion pricing.

DOES PRACTICE FUSION EMR HAVE AN APP?

The Practice Fusion app can be accessed via their mobile EHR system on Apple and Android devices.

SOFTWARE SCREENSHOTS

The screenshot displays the Practice Fusion EHR interface for a patient named Eric Ford. The top navigation bar includes the Practice Fusion logo, a search bar for help, and the user's name, Sarah Goode, San Francisco Health. Below this is a secondary navigation bar with tabs for Home, Schedule, Charts, eRx, Messages, Labs, Documents, Reports, and Setup. A patient selection bar shows 'Eric Ford' as the active patient, with options to add appointments, patients, or find patients.

The main content area is divided into several sections:

- Chart Navigation:** A vertical sidebar on the left lists various chart categories such as Basic, Insurance, Settings, Summary, PMH, Dx History, Rx List, Allergies, Adv Directives, Immunizations, Growth, and Lifestyle. A date-based event list is also visible, ranging from 07/20/2012 to 02/27/2012.
- Patient Information:** A header for 'Eric Ford' includes a photo, gender (Male), age (27 yrs), and date of birth (02/06/1985). A 'Patient Actions' dropdown menu is present, with a prominent 'Start a chart note' button.
- Facsheet:** A horizontal tabbed interface below the patient info shows various tabs: Activity, Appointments, Referrals, eScripts, Messages, Labs, Documents, Billing, and Access History. The 'Facsheet' tab is currently selected.
- Diagnoses (5 of 32):** A list of medical conditions with their corresponding ICD-9 codes, including 'Common cold (460)', 'Other and unspecified hyperlipidemia (272.4)', 'Dermatophytosis of nail (110.1)', 'Acute bronchitis (466.0)', and 'Diabetes mellitus, type I [Insulin dependent type] [IDDM] [juvenile type], not stated as uncontrolled (250.31)'. A 'View Dx History' link is provided.
- Prescriptions (5 of 16):** A list of medications, including 'Simvastatin 40 mg tablet', 'TriCor 54 mg tablet', 'TriCor 48 mg tablet', 'Advil 200 mg tablet', and 'Lisinopril 40 mg tablet'. A 'View Rx List' link is provided.
- Drug Allergies:** A section listing 'Advil (ibuprofen) oral tablet'.
- PMH (Past Medical History):** A section listing 'apenectomy age 17'.

A vertical 'Your Network' sidebar is visible on the right edge of the interface.
